

NiceLabel Suite – the all-round labeling solution

NiceLabel Suite is the ideal end-to-end software solution for the very highest of design requirements and for all types of printers. Individually matched to

the data formats and your printer, the NiceLabel Suite makes label production a simple, error-free task. A wide range of interface options such as ODBC

or ActiveX allows you to print labels in any environment, whether it be in a network or on a standalone system.

NiceLabel Suite

Powerful, individual, user-friendly

NiceLabel Suite offers a huge range of options for custom settings and tailored label design. The features at a glance:

NiceForm

data entry forms - whatever you want, whatever you need - for your individual label printing solution.

NiceWatch

integrates data flow and processes print data - no matter what device the data comes from.

NiceLabel

creates SAP-compatible formatting files for SAP R/3 systems.

NiceData

is a database manager which makes the creation of data sheets easier than ever for the user.

NiceMemMaster

is ideal for downloading TrueType fonts and graphics to the printer memory.

NiceLabel Suite - all systems go!

Wherever and whenever you work and whatever operating system you use, NiceLabel Suite is the perfect end-to-end solution for all standalone and non-Windows systems.

Stand-alone

With NiceLabel Suite, printers will also work offline on the basis of label templates. This enables label design and offline printing with virtually any thermal transfer printer.

Pocket NiceLabel

The pocket-sized labeling solution: Pocket NiceLabel makes it possible to print labels from any handheld computer based on Windows CE.

NiceLabel for Linux

Dedicated data entry, a recognition module, TCP/IP port monitoring and much more make it possible to print labels from non-Windows platforms.

NiceLabel Suite – at a glance

Supported barcodes and 2D symbologies:	EAN 13, EAN 14, EAN 8, UPC-A, UPC-E, EAN/UPC barcodes with add-ons, interleaved 2 of 5, Code 39 (normal, full ASCII, Tri-Optic), Code 93, Code128 (A, B, C), Postnet (32, 37, 52, 62), Codabar, Bookland, MSI, Pharmacode, RSS (linear and composite), SSCC, UCC.EAN 128, ITF 14, ITF 16, Kix, HIBC, PDF-417, DataMatrix, MaxiCode, Aztec, QR, Codablock F, 2D Pharmacode, MicroPDF
External data sources:	Text (ASCII) documents, BDE (dBase, Paradox) and SQL Links database drivers, ODBC and OLE DB database drivers (Excel, Access, Oracle, Microsoft SQL Server and others), XML, DDE, ActiveX (automation), command line, command file, email message, serial (COM) port, TCP/IP port, unstructured files (report file, printer instruction file) etc.
Printers:	All printers with Windows drivers, on-site thermal printer support using high-performance NiceDrivers: Argox, Avery Dennison, Blazeprint, CAB, Century, Citizen, Cognitive, Compuprint, Comtec, Datamax, Eltron, EPC, Etimark, Extech, Facit, Genicom, GOD BM, IBM, ILS, Imaje, Intermec, Italora, Lapis, Markem, Markpoint, Meto, MPH, Novexx, Printronix, QLS, Ring, Sartorius, SATO, TEC, Tharo, TSC, UBI, Unimark, Zebra etc.
Graphics formats:	BMP, CUR, DIB, EMF, FAX, G3F, G3N, GIF, ICB, ICO, J2K, JP2, JPC, JPE, JPEG, JPG, PCX, PNG, PXM, RLE, TARGA, TGA, TIF, TIFF, VDA, VST, WMF
Program languages:	Chinese (simplified), Chinese (traditional), Croatian, Danish, Dutch, English, Finnish, French, German, Hebrew, Hungarian, Italian, Japanese, Lithuanian, Polish, Russian, Slovakian, Slovenian, Spanish, Swedish, Thai, Ukrainian
System requirements:	Pentium-based computer with at least 32 MB RAM, 32-bit Windows operating system (9x, Me, NT, 2000, XP, 2003), 15 through 90 MB free hard disk space (depending on the version used and the options selected), Windows CE 2.11, Windows CE 3.0 (Pocket PC, Pocket PC 2002) or Windows 4.X (CE.NET) for NiceLabel Suite with Windows CE support, Linux-based system for NiceLabel Suite for Linux support

Specifications are subject to change without prior notice (03/2004)

The name Avery Dennison is associated worldwide with perfect labeling. In addition to software, we also offer hardware, consumables and service.

NiceLabel Suite is available in the following versions:

- NiceLabel Suite - the end-to-end software solution for label printing
- NiceLabel Suite Network
- NiceLabel Suite Print Only
- NiceLabel Suite for Windows CE
- NiceLabel Suite for Linux
